

Unleashing the Blue Economy of the Caribbean Project

2022 - 2027

World Bank

OECS Countries (Dominica, Grenada, St. Vincent and the Grenadines, Saint Lucia)

NATURE BASED SOLUTIONS

seagrass, mangroves

This project aims to strengthen governance and policies for the blue economy, enhance resilience of coastal infrastructure, and provide rapid response to emergencies. Participating countries will benefit from capacity building, regional collaboration, and investments in climate-resilient coastal assets to foster economic recovery and sustainability.
