Rural Livelihoods Productivity and Resilience Project

2023 - 2028

World Bank
Madagascar

NATURE BASED SOLUTIONS

forests, grassland and other vegetation, watershed management

The Rural Livelihoods Productivity and Resilience Project aims to increase productivity and strengthen resilience of rural livelihoods in targeted areas in Madagascar. Key activities include reforestation, watershed management, agroforestry, and promoting climate-smart agriculture, sustainable irrigation, and value chain development to mitigate climate risks and enhance rural livelihoods.
