

Host and Rohingya Enhancement of Lives Project

2024 - 2028

World Bank

Bangladesh

NATURE BASED SOLUTIONS

forests

The project aims to improve access to basic services and enhance disaster and climate resilience of the Host Communities and Displaced Rohingya Population (DRP). The project will support afforestation in host communities and refugee camps in Bangladesh's Cox Bazaar district to enhance resilience against extreme weather events, as well as consider NBS to protect water sources as part of water supply infrastructure plans.
