

# Lowlands Livelihood Resilience Project, Phase Two (LLRP II)

2024 - 2029

**World Bank**

Ethiopia

---

## NATURE BASED SOLUTIONS

forests, inland wetlands, sustainable management

The project aims to improve the livelihoods and climate resilience of pastoral and agropastoral communities in the lowlands of Ethiopia. The project will implement NBS for flood risk mitigation, as well as wetland protection and maintenance to counter flood and drought risks.
